

Alexandra Henriksson

.NET Developer Student
& Aspiring Full Stack Developer

alexandra.m.henriksson@gmail.com

0739859711

Gothenburg, Sweden

I am self-driven, problem solving and I work very hard to achieve my goals. Always eager to learn new things, new technologies and work well both within a team or independently. My programming journey started 2020 when I decided to learn coding by myself, and felt like I finally know what I want to do for the rest of my life. So I decided I want a degree and here we are today. I'm currently in my second and final year at Teknikhögskolan and I'm looking for an internship (February 6th - May 19th 2023) to combine with writing a thesis for my final semester.

EDUCATION

.NET Developer Teknikhögskolan

09/2021 - Present

Gothenburg

Courses

- Programming with C#
- Frontend
- Azure Fundamentals
- Databases
- Backend
